Dear Mr. Rongzhao Yang:

UL has completed the investigation under the above project and confirmed compliance of your product(s) with UL requirements. We appreciate that you have a choice of certification providers and thank you for choosing UL.

Before products bearing the UL Mark can leave the manufacturing location, an Initial Production Inspection (IPI) must be successfully completed by a UL representative at the manufacturing location(s) noted below. You are required to send a copy of this letter to each of these manufacturing location(s).

Manufacturer Name	Shenzhen Signal Electronics Co.,Ltd	Inspection Center:	IC 750
Party Site Number	1634856	Region	Shenzhen, China
Account Number	1556118	Contact	BILL ZHANG
Factory ID	-	E-mail	UL.InspectionCenter750@ul.com
Country	China	Phone	755-8613-0536

The IPI is a check on the means that the manufacturer has in place to produce a product in accordance with applicable requirements. **A MANUFACTURER MAY NOT SHIP PRODUCTS WITH THE UL MARK UNTIL THE IPI HAS BEEN SUCCESSFULLY COMPLETED.** Instructions for conducting the IPI will be sent to the UL inspection center(s) serving the manufacturing location(s). The UL inspection center will contact the manufacturing location to arrange the IPI, or you may contact the UL inspection center to discuss the scheduling of the IPI.
